CPS of Subordinate CA is conformed to CP of Thailand NRCA Yes  No

**Section 27.** Where signature creation data can be used to create a signature that has legal effect, each signatory shall:

(1) exercise reasonable care to avoid unauthorized use of its signature creation data; Yes  No

(2) without undue delay, notify any person that may reasonably be expected by the signatory to rely on or to provide services in support of the electronic signature if:

- (a) the signatory knows or should have known that the signature creation data have been lost, damaged, compromised, unduly disclosed or known in the manner inconsistent with their purpose;
- (b) the signatory knows from the circumstances occurred that there is a substantial risk that the signature creation data may have been lost, damaged, compromised, unduly disclosed or known in the manner in consistent with their purpose;

(3) where a certificate is issued to support the electronic signature, exercise reasonable care to ensure the accuracy and completeness of all material representations made by the signatory which are relevant to the certificate throughout its life-cycle, or as specified in the certificate. Yes  No

**Section 28.** Where a certification service is provided to support an electronic signature that may be used for legal effect as a signature, that certification service provider shall perform as follows:

(1) act in accordance with representations made by it with respect to its policies and practices; Yes  No

(2) exercise reasonable care to ensure the accuracy and completeness of all material representations made by it that are relevant to the certificate throughout its life-cycle, or as specified in the certificate; Yes  No

(3) provide reasonably accessible means which enable a relying party to ascertain in all material representations from the certificate in the following matters:

- (a) the identity of the certification service provider;
- (b) that the signatory that is identified in the certificate had control of the signature creation data at the time when the certificate was issued;
- (c) that signature creation data were valid at or before the time when the certificate was issued;

(4) provide reasonably accessible means which enable a relying party to ascertain from the certificate or otherwise as follows: Yes  No

- (a) the method used to identify the signatory;
- (b) any limitation on the purpose or value for which the signature creation data or the certificate may be used;
- (c) that the signature creation data are valid and have not been lost, damaged, compromised, unduly disclosed or known in a manner inconsistent with their purpose;
